Greater New Bedford Regional Vocational Technical High School

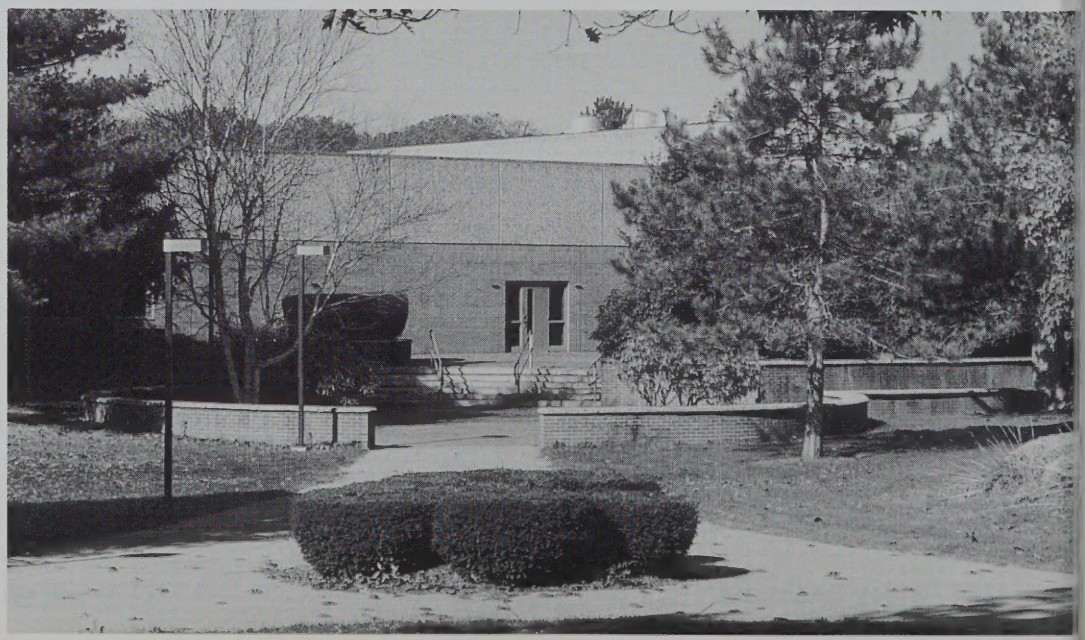
1121 Ashley Boulevard • New Bedford, Massachusetts • 508.998.3321 • www.gnbvoc.mec.edu

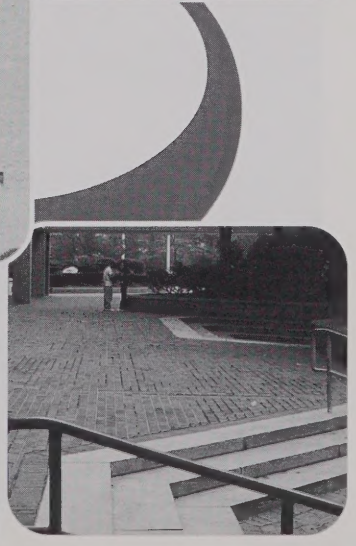


Greater New Bedford Voke Tech

Greater New Bedford Regional Vocational Technical High School is a four year high school that serves students from New Bedford, Dartmouth and Fairhaven. It had its beginnings more than 90 years ago as the New Bedford Independent Industrial School.

One of the first vocational schools in the country, it opened in 1908 with 75 students. As the school prospered and grew, it was renamed the New Bedford Vocational School in 1928. It wasn't until 1946 that it became a high school and in 1955 became the first vocational school to be accredited by the New England Association of Schools and Colleges.

Today, **Greater New Bedford Regional Vocational Technical High School** sits on a 48-acre campus, offering specialized training in 26 career majors. The school has an enrollment of 1,800 students. It serves more than 2,600 people through its Adult Education programs. A $22 million expansion and renovation project will add classrooms and science labs to the school.



"No life ever grows until it is focused, dedicated and disciplined."

the voke-tech mission

'to provide the best and most complete education'

The Greater New Bedford Regional Vocational Technical High School is dedicated to providing the best and most complete secondary education for each student. As a vocational technical school, our fundamental purpose is to provide education for employment.

The high school graduate of the 21st century will face a world in which the most important skills in the workplace will be the abilities to learn, to change and to adapt.

Successful employment will depend on continuing education in all fields, and adapting to change in education technology in order to meet the demands of community, state, national and global competitiveness.

A vocational-technical education should, therefore, include occupational and technological training, integrated with language, math, science, social studies and health curricula, providing each student with the background to advance educationally and professionally.

The responsibility of the school to the community and of the community to the school should be one of total involvement.

Education is not a process that has a fixed beginning or end, nor can it be obtained in one physical site. The school provides for the needs of the community through the effective utilization of advisory committees, which integrate academic and occupational areas.

Extensive continuing education programs, and facilities are made available to community, service and educational organizations. Conversely, many sites within the community are used for student placement and cooperative education.

The school recognizes that society is changing and deals with these changes by continually updating the curriculum. The school complies with applicable laws relating to vocational education. We accept individuals with various abilities and with different educational experiences and multi-cultural backgrounds.

Jeffrey E. Riley
Superintendent - Director

A Message from the Superintendent-Director

As you look ahead – to the future and to your career – you can do so with the confidence that you are well prepared to meet life's challenges. You can feel proud that you are part of a school with a long and rich tradition – a school known for its career and technical excellence, its positive work attitudes, and its service to the community.

You can leave here with the knowledge that thousands of graduates of this fine institution have gone on before you. Many are now leaders in business and industry in the region; others are leaders in civic and political life.

I am proud of what you have accomplished at this school and within this community, and I trust that you will continue to use your academic and technical skills wisely. Wherever life takes you, remember where you started. Good luck!

Jeffrey E. Riley
Superintendent-Director

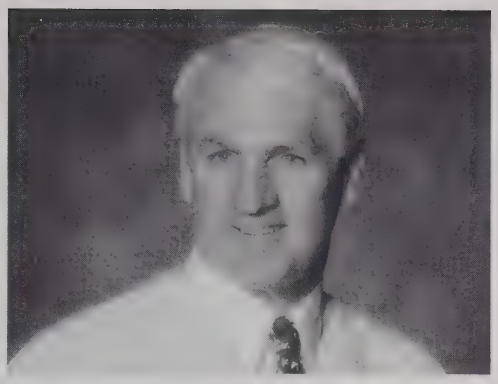
Greater New Bedford Regional

Administration,

Alice M. Pfeninger
Principal, Voc-Tech Education

As you graduate, you are well prepared to pursue your career. You selected Voc-Tech to acquire knowledge, develop a marketable skill, and prepare for life-long learning in a high tech global economy. You have experienced an outstanding educational facility and a dedicated faculty and staff.

My congratulations to you and your family during this special time in your life.



Michael R. Shea
Principal, Academic Programs

Congratulations to the Class of 2002.

It has been my pleasure to have been your Academic Principal for the past four years. I hope you have enjoyed your high school years and remember these words:
"Believe – Achieve – Succeed."

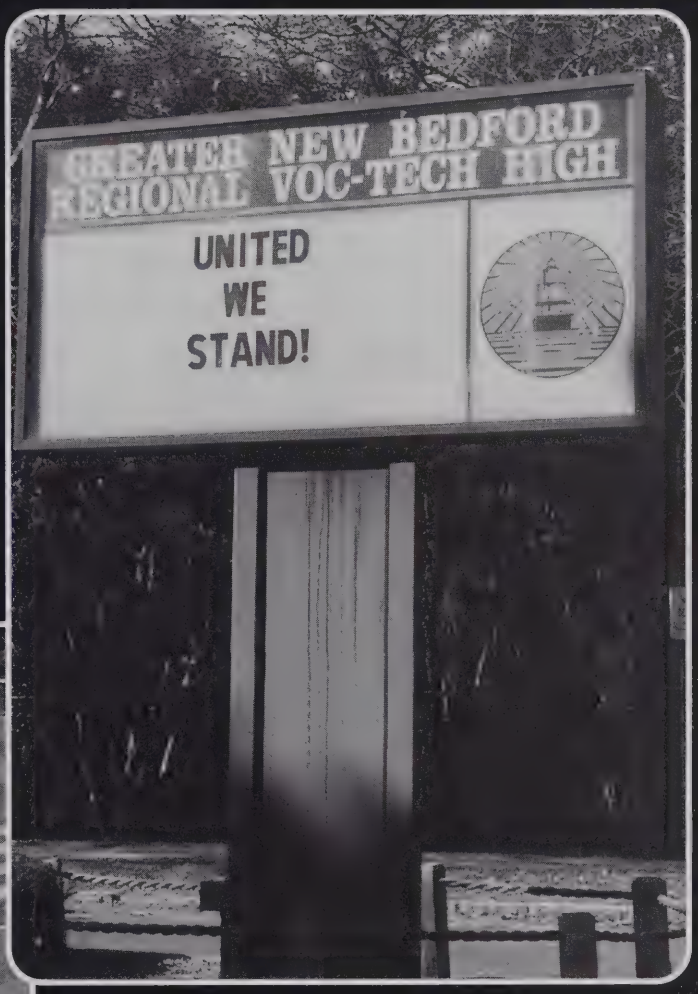
September 11, 2001

We'll always remember the thousands who died, the sacrifices of heroes, and how we all came together as a nation and a school community.

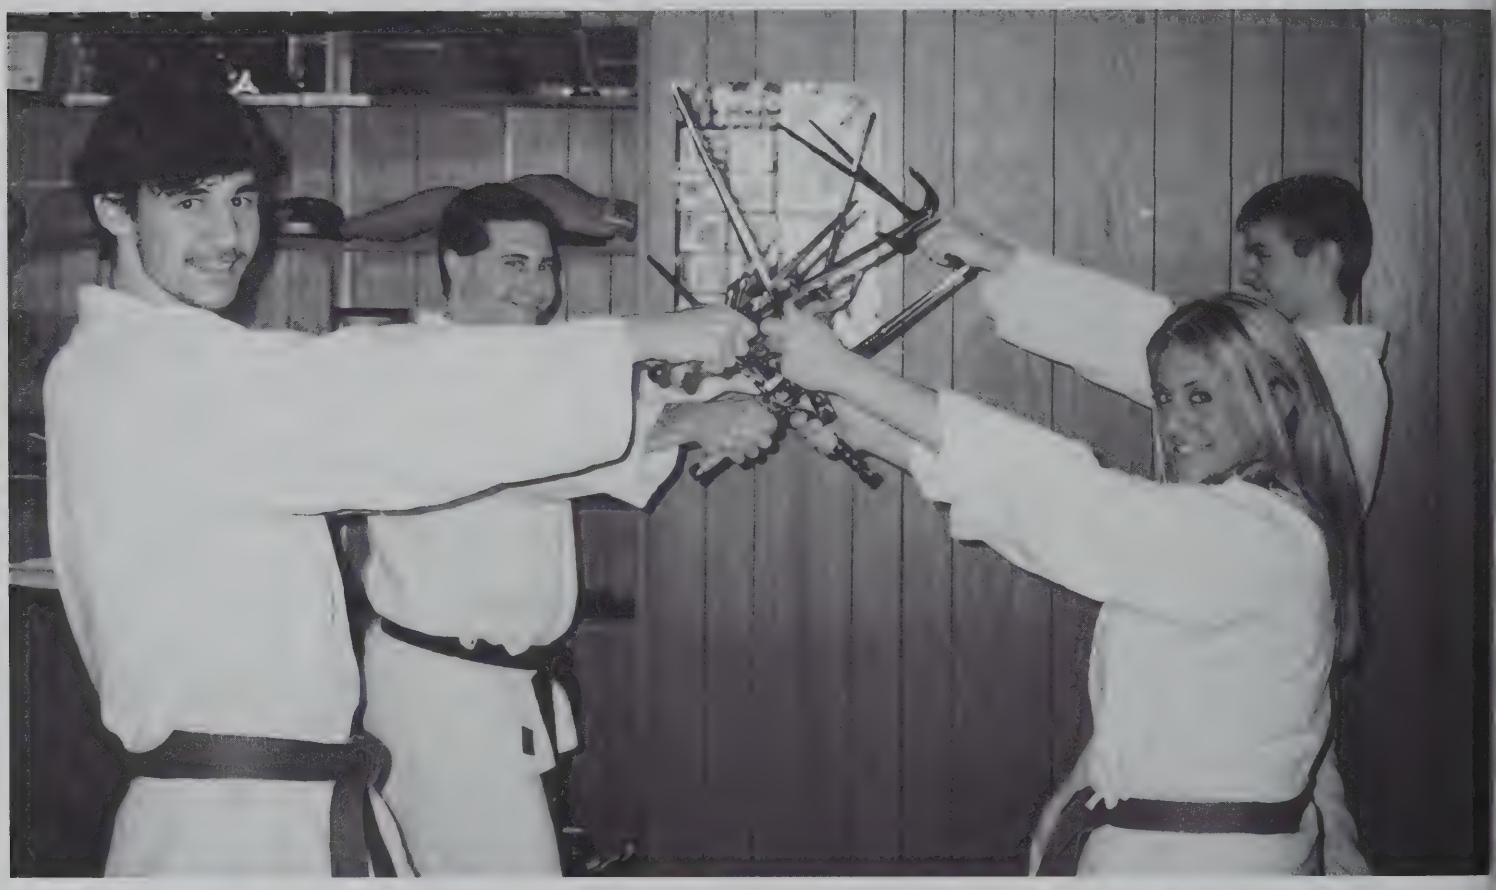


A Sign of the Times:
Our school sign told the story of a nation united after the terrorist attack.

A Field Transformed:
Seniors Amanda Figueiroa, Aaron Sylvia, Mike Mastera, and PeterChmiel worked on the layout and surveying of the flag which we placed on our field to remember the heroes and victims of September 11.

There are a wide variety of extracurricular offerings at New Bedford Voc-Tech which provide opportunities to learn and to have fun.

Voc-Tech Clubs and Activities



Karate Club a kicking time
Seniors Michael Raimondo, Ricky Borrows, and Renee Ouellet, pose with Sensei Gonsalves and their sais.

The play's the thing
The New Bedford Voc-Tech Drama Club gives the students the chance to perform on stage and practice their acting and speaking skills.

Student Government works
The Class Officers and other student leaders help make many Voc-Tech activities a success, including the Prom, which these students enjoyed.

Congratulations!

C. J. Cromwell

The days fly by so quickly that sometimes we don't take the time to say what's really important ... like how special you are, how proud I am of you and especially, how much I love you.

Mom

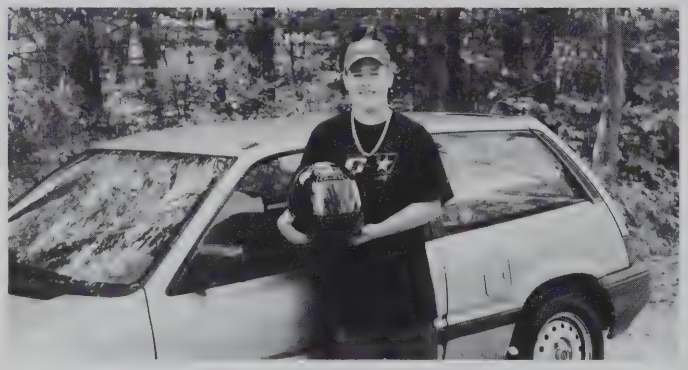
Kyle Allain

YOU DID IT
WE ARE PROUD OF YOU!

Kyle,

Congratulations
on a job well done.
We love you,
Dad and Mom

C.J. Cromwell

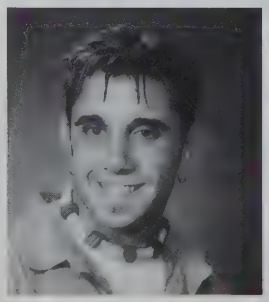


James Wordell

Jim,
As you begin your journey along life's road never forget you will always have the love and support of your family. Remember to take the time to have fun and to appreciate the treasures life has to offer. Love, your family.

Mom, Dad, Len, Nicole,
Kristy, Tommy, Nana
Aunt Laurie and Lindsey

Brandon Robert Vicente



Brandon,

Thinking about the boy you were makes us feel a little sentimental ...

Thinking about the man you have become makes us feel more than a little proud.

Maggie Monahan

Maggie,
It is hard to remember a time when you weren't running with a ball by your foot. Through thousands of practices and play hours, you always believed that "Soccer is Life." Keep on running and believing as hard in all of your future goals. We are all so proud of your accomplishments.
With all our love,
Mom, Dad, Megan, Mike, Matt, Aileen, Jon and Bob

Christopher Heaven

Chris,
Your inquisitive nature, aptitude, and talent will cause you to go far in life. Keep aiming for the top. Your sense of humor, gently nature, intelligence and respect have made us proud to be your parents.
Congratulations,
Mom and Dad

The Mariner is the official school yearbook of New Bedford Regional Vocational Technical High School. All contents are © 2002.

This book was printed on 80 pound gloss stock and bound in a Craftline embossed cover by Jostens at the State College, Pennsylvania plant. Materials were submitted using Adobe PageMaker 6.5 and Jostens YearTech 2002 software. Most text is set in the Palatino font.

Kara Powers and Jim O'Brien were in school coordinators. Norval Garnett is the Jostens' representative. Photography was provided by Pacheco Studios with some additional student and faculty submissions. Michael J. Vieira was the 2002 yearbook production advisor.
